## To remove SKPR-57 from the South Kesteven Local Plan

---

Reference: SKPR-57 Land off Belton Lane, March 2024.

Planning Policy Team,  
South Kesteven District Council,  
The Picture House,  
St. Catherine's Road,  
Grantham,  
Lincs NG31 6TT.

### FAO: Independent Planning Inspector

This is a written representation from the residents of Gonerby Hill Foot and surrounding area regarding the proposed allocation of a greenfield site for 628 new houses known as "SKPR-57 Land off Belton Lane".

Attached is a petition containing details of **1,113** residents who strongly object to this plan.

We believe the site is unsuitable to be considered for housing and request that South Kesteven District Council listen to our objections and remove this site from the local plan. With so much green space disappearing in north Grantham we will find ourselves with almost no green space available for recreation, exercise and our mental health.

The plan is fundamentally unsound as there has been insufficient community consultation, and the authority has failed to properly consider its environmental, social and economic effects.

It will undoubtedly have a permanent and detrimental impact on the area's landscape, agriculture, infrastructure, highways, heritage and biodiversity. When considering Grantham's future growth the social, environmental and economic wellbeing of the town and its residents must be paramount. We believe that the devastating impact of this proposal makes it unsound and contrary to the council's community strategy.

**SKPR-57**

Site Name Land at Great Gonerby, Grantham

Site Area (ha) 34.9

Contains Ordnance Survey Data © Crown Copyright and database right 2024.

Issues with SKPR-57 include:-

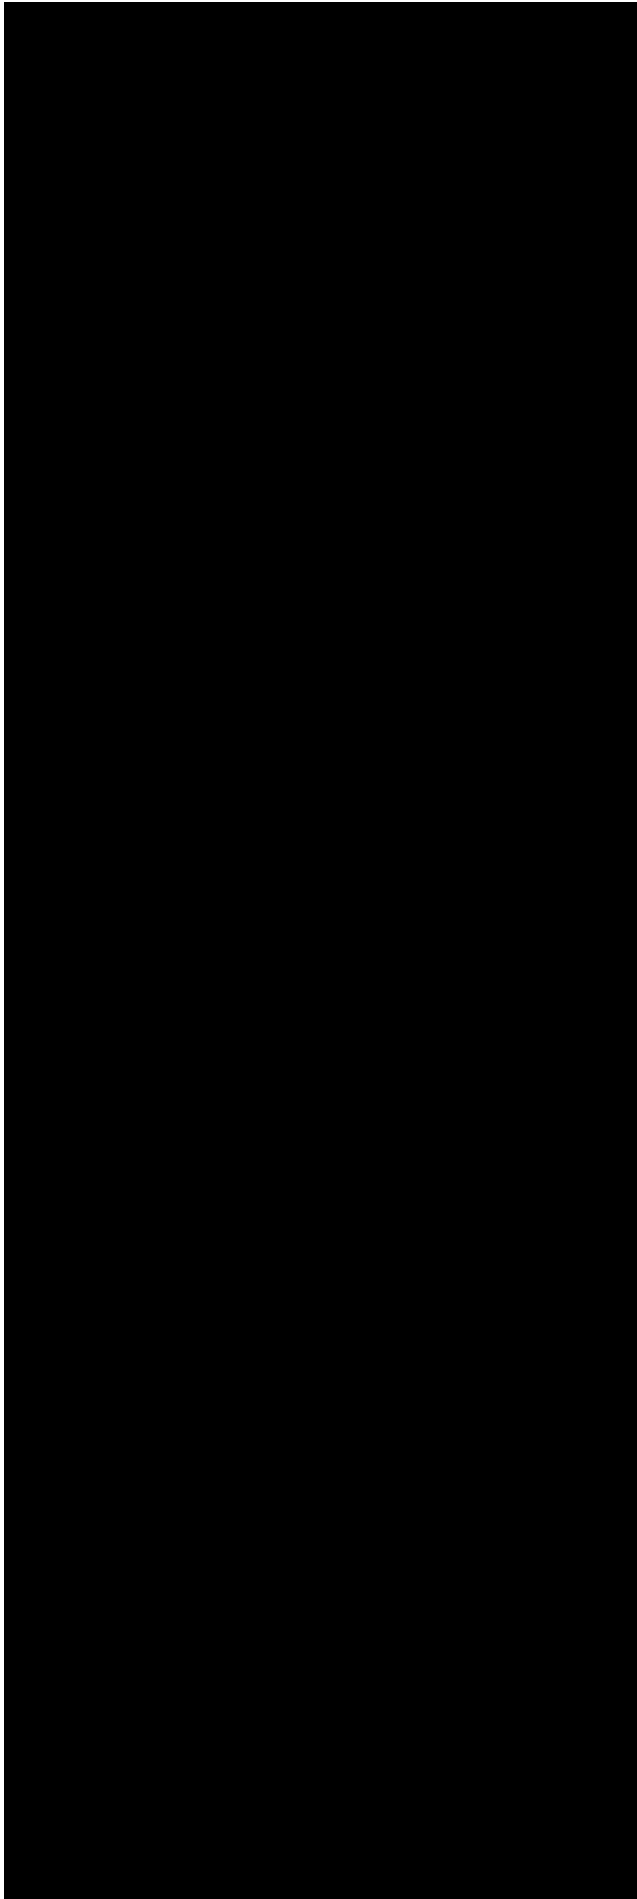

- Access to the site. Almost impossible.
- Gonerby Hill Foot estate roads would struggle to cope.
- Lincolnshire County Council referring to the required Highway Network saying “Overall mitigation probably too great for site”.
- The landscape character assessment saying “maintain a varied urban edge with fringes of countryside extending in to the town”. “Avoid built development encroaching on the higher scarp slopes”.
- Local plan development principles. No development to occur above the 60m contour. The site is almost all above it.
- The top section of development will be visible from Belton House NT.
- The main approach to Belton House will lose its rural feel.
- Belton Lane will not be able to cope and there will be an increase in pollution in Grantham due to congestion.

Attached to this letter are our more detailed arguments and reasons why we feel that this planning proposal is fundamentally flawed. We believe that the plan fails to meet the necessary tests of soundness and statutory requirement that will allow you to recommend it for adoption.

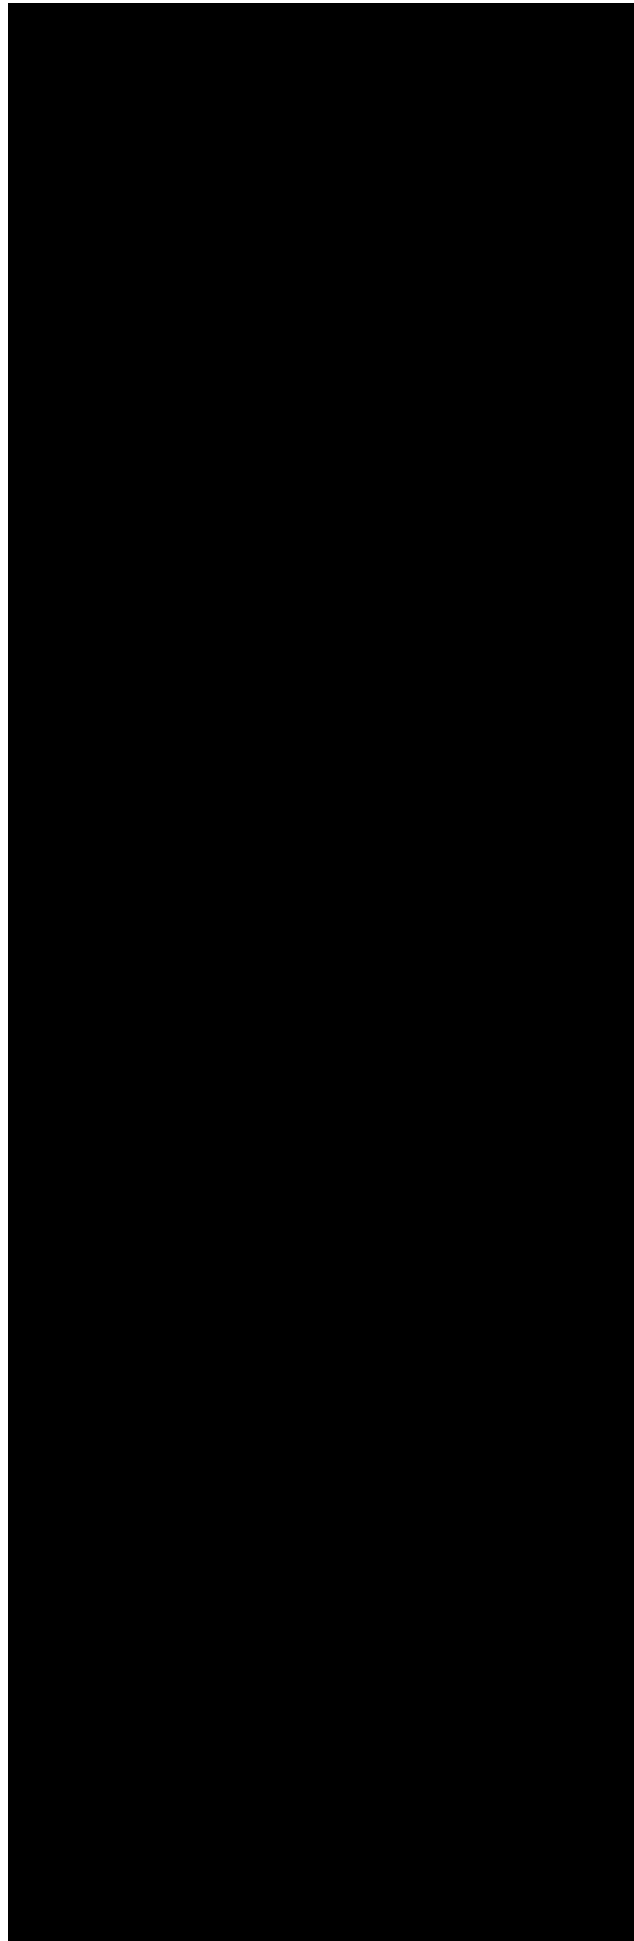

Representatives of the Gonerby Hill Foot Residents Group would welcome in invitation to attend a pre-examination meeting to discuss our concerns. In the meantime, if we can provide you with any further information to assist with your assessment please do not hesitate to contact us.

Yours sincerely,

Detrimental to the environment!  
We still need green spaces!

Poor bus service

Not enough facilities for any more  
families, e.g. doctors (A&E-hospital)  
dentists and a lack of decent shops!
