Dear Planning Policy Team

**Barrowby Neighbourhood Plan Basic Conditions Statement Addendum
Consultation**

Thank you for consulting us on the Barrowby Neighbourhood Plan amended Basic Conditions Statement.

We do not normally comment on Basic Conditions Statements, however we note that the document has been amended to include the mitigation of and adaption to climate change and the inclusion of reference to the Greater Lincolnshire Local Nature Recovery Strategy (LNRS).

Section 5.8 of the amended Basic Condition Statement outlines how the plan considers the emerging nature recovery strategy with particular reference to Policies 1, 2, 7 and 8.

At the time of this consultation, the Greater Lincolnshire LNRS is not yet published, however we note that this is acknowledged in section 5.9 which says that the Plan may be updated to refer to the final adopted LNRS if it is published before the Neighbourhood Plan.

Finally, we note that section 4.13 states that the Parish Council is not aware of any specific Environmental Outcome Report (EOR) requirement that has been imposed in relation to the Neighbourhood Plan and as such the condition has been met; however, we wish to highlight that EORs are not yet published.

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me using the details below.

Yours sincerely
