Dear Planning Policy Team

Hough on the Hill Neighbourhood Plan Basic Conditions Statement Addendum Consultation

Thank you for consulting us on the Hough on the Hill Neighbourhood Plan amended Basic Conditions Statement.

We do not normally comment on Basic Conditions Statements, however we note that the document has been amended to include the mitigation of and adaption to climate change and the inclusion of reference to the Greater Lincolnshire Local Nature Recovery Strategy (LNRS).

Section 5.8 of the amended Basic Condition Statement outlines how the plan considers the emerging nature recovery strategy with particular reference to Policies HoH9, HoH10, HoH11 and HoH15.

At the time of this consultation, the Greater Lincolnshire LNRS is not yet published, however we note that section 5.9 states that the Plan has been designed to take account of the purpose and likely priorities of the LNRS.

Finally, we note that section 4.12 states that the Parish Council is not aware of any specific Environmental Outcome Report (EOR) requirement that has been imposed in relation to the Neighbourhood Plan and as such satisfies the condition; however, we wish to highlight that EORs are not yet published.

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me using the details below.

Yours sincerely
Hannah Kelly
